BIG RAILROAD DEAL.

Missouri Pacific Going to the Gulf and to the Pacific.

WILL ENTER MEXICO.

The Road Will Reach El Paso Over the Rio Grande Western and From There Go Over Connecting Lines to Other Points.

New York, April 24.—Plans for the development of the Missouri Pacific system which George Gould has under his immediate charge, have received unanimous endorsement of the directors. It is now the indication that not only will this system have an outlet to the Pacific coast over the Union Pacific lines which will be furnished by its control of the Rio Grande Western, but it will have a southerly outlet to the coast over the Southern Pacific lines.

Russell Sage announced Tuesday night that the project of building a line from El Paso, Tex., which is reached by the Texas and Pacific and also, incidentally by the Mexican Central to Santa Fe, N. M., would be carried through. This means not only a paralleling of the Atchison line between these two cities, but an opportunity to connect with the Mexican Central and carry its traffic straight up over the Union Pacific by the way of the Oregon Short line to Portland, Oregon.

The control of the Mexican Central, it has recently been stated, has passed into the hands of interests representing a railroad with connection at El Paso. The Atchison and Southern Pacific interests and those of the Rock Island, which was said to contemplate an extension to El Paso, have all denied that they are the purchasers. The belief is growing that interests identified with Mr. Gould and his associates have bought the Mexican Central control on behalf of the Missouri Pacific.

El Paso, as the western terminus of the Texas and Pacific, is an admirable point for connection of the Missouri Pacific system with the Southern Pacific, whose lines run thence to San Francisco through the rich lands of southern California. Such a connection will be, it is held, a logical outcome of the present situation and will furnish the southern outlet to the Pacific. Mr. Sage spoke confidently of the future of the Missouri Pacific.

Commission to Meet.
Washington, April 24.—The commission recently appointed by the president to represent this country at the congress of the American republics to be held at the City of Mexico next October, will meet in Washington shortly for the purpose of organization. It is expected a chairman will be chosen then and there is some talk that this honor may go to ex-Senator Davis of West Virginia. There are a number of applicants for the position of secretary, but the choice of this official will be deferred until the organization is well along. Instructions to American delegates will be given early in autumn.

Old Indian Scout Dead.

Baker City, Ore., April 24.—W. W. Tripp, an old resident of this city, is dead from neuralgia of the heart. He was a noted Indian scout and was at the Little Big Horn when Custer and his troops were slain in 1876, taking an active part in that memorable campaign. Some time previous to the Custer massacre he headed the scouting party that rescued Mrs. Morgan and Miss White from the Sioux and Cheyennes.

Ketchum to Hang.

Trinidad, Col., April 24.—"Black Jack" Ketchum, the famous outlaw, who was at the head of the band of train robbers that held up the train at Folsom, N. M., on Aug. 16, 1899, passed here en route to Clayton, N. M., where he will be hanged on Friday next. The prisoner was heavily manacled and confined in a steel lined mail car with iron grated windows.

Pleaded Guilty to Fraud.

Kansas City, April 24.—In the federal court here Stephen A. Weltner and Joseph H. Kelly, president and secretary respectively of Weltner Institute of Magnetic Healing at Nevada, Mo., pleaded guilty to indictments charging them with using the mails to defraud. They threw themselves on the mercy of the court. The sentence has been reserved.

Methodist Missionary Conference.

New Orleans, April 24.—The opening session of the general missionary conference of the Methodist Episcopal Church, South, began at Tulane Hall with an overflowing audience. The attendance of visitors from other cities is very large. Bishop E. R. Hendrix of Kansas City is presiding.

Another Gusher.

Dallas, April 24.—A bulletin from Beaumont states one of the Geyser Oil company's wells is in with a heavy flow of oil. This makes gusher No. 8. Beaumont denies the rumors that a large

flow of natural gas has been struck.

Martinelli's Successor.

Paris, April 24.—A dispatch to The Figaro from Rome says Monsignor Falconio, the papal delegate in Canada, will succeed Cardinal Martinelli as papal delegate in the United States.

Reichsrath Had to Adjourn.

Vienna, April 24.—Pan Germans and Christian Socialists renewed the fight in the Reichsrath and the sitting had to be adjourned on account of the uproar.

PLEA FOR AMERICANS.

Chinese Don't Want Americans to Leave the Imperial City.

Pekin, April 24.—Many applications have been made to Mr. Rockhill and General Chaffee by Chinese of all degrees for the retention in China of the American troops until the general withdrawal of the troops of all the powers. Many of those who are making this request think the withdrawal of the Americans will make the others remain longer. There are also people who do not desire to see any of the soldiers go, fearing anarchy and an uprising against the foreigners. The soldiers who return do so with all honors of war.

Field Marshal von Waldersee has made an application that the gate of the Forbidden City be guarded by German troops after the departure of the Americans. General Chaffee has replied that American soldiers will continue to guard the gate. At this the Germans are indignant, saying this impugns their honesty and that if the United States desires to do their share of policing the city, she should leave behind enough troops for that purpose, that merely a few men belonging to the legation guards should control the gate which will be within the German quarters cannot be allowed.

If General Chaffee persists in this course, diplomatic representations will be made in the matter.

The ministers of the foreign powers are meeting daily. They do not at present show a disposition to reduce the claims which many think to be extremely reasonable.

CADETS DISGRUNTLED.

They Resent the Punishment Col. Mills Meted Out to a Companion.

West Point, N. Y., April 24.—A court of inquiry, consisting of Captain James K. Thompson, Captain Edward Anderson and Captain William Lassiter, has begun the investigation of a charge of breach of discipline on the part of several cadets of the military academy. The cadets became disgruntled over the action of Colonel Mills, the superintendent, in punishing one of their number, Cadet Ralston, for his failure to report a breach of discipline in the mess hall, while the cadets were at supper a few nights ago. The cadets are said to be almost in a state of insubordination.

The cadets assembled on the parade ground under cover of darkness and indulged in hideous yells directed at superintendent. They also removed the sentinel gun from its position on the north end of the parade grounds and dragged it over in front of Colonel Mills' quarters, but were prevented from firing it by the appearance of several sentinels who promptly reported it.

Partisan Excitement at Santiago.

Santiago, Cuba, April 24.—Intense partisan excitement was caused here on Monday by an alleged attempt of the Republican party to exclude members of the National party from the registration places. It is asserted that hundreds of voters were refused registration certificates on various pretexts and that the registration boards gave preference to Republicans over Nationalists. The voter must be able to read and write and many fairly well educated applicants, it is claimed, were refused certificates because they had misspelled certain words. An investigation is now in progress.

Will Introduce the Commission.

New York, April 24.—General Leonard Wood, governor general of Cuba, with Mrs. Wood and his private secretary arrived here Tuesday night on the Ward liner Moro Castle. General Wood made the trip to this country to introduce to President McKinley the five members of the special committee on foreign relations appointed by the Cuban constitutional convention. General Wood did not hesitate to talk about the affairs in Cuba. He will return on Thursday to Havana.

Reward for Robbers.

Little Rock, April 24.—A reward of \$300 has been offered by the Wells-Fargo Express company for the capture of each of the gang that robbed the express car Tuesday morning on the Choctaw, Oklahoma and Gulf railway near Bridge Junction, Ark. So far efforts to apprehend the six robbers have been fruitless.

It is reliably reported now that the robbers secured not over \$300 in money from the through safe in the express car.

Smith's Condition Serious.

CARNES-COULTER.

A Quiet Home Wedding Last Night.

The home of Mr. and Mrs. J. W. Coulter was beautiful with floral and plant decorations last night, in honor of the wedding of Miss Dona Coulter and Mr. Malcolm Carnes. Geraniums, palms, ferns and cut flowers were the decorations, and though nothing ostentatious was affected, yet the surroundings exhibited refined taste and beauty befitting the occasion.

The ceremony occurred at 9 o'clock. Miss Lula Coulter, sister of the bride, was maid of honor, and Mr. J. R. Astin best man. Rev. E. L. Shettles pronounced the nuptial vows, and the wedding march was played by Mrs. Ed. S. Derden. The bride wore white mouseline over taffeta silk, trimmed with Duchesse point lace, and carried a bouquet of bride's roses. The maid of honor carried carnations.

The ceremony was witnessed by relatives and a few friends. It was the beautiful service in which the ring is used. Refreshments were served at 10 o'clock. Many beautiful and costly presents attested the esteem of relations and a wide circle of friends. They came from friends and relatives at Reagan, Alpine, Waxahachie, Rockdale, Navasota, Corsi-

cana, Marshall, and other points in Texas, and from Sweet Springs, Mo., as well as many from friends, and members of the bride's family at home.

The bride is a sweet and accomplished young lady who has been reared in Bryan, and the charm of her sweet young life is felt by all who know her.

The groom is associate editor of the Bryan Eagle. Through modesty Mr. Carnes asked that a ten line paragraph only should tell the world of his great happiness in the event of events in his life; but Carnes, whose graceful pen has written so many good things about his host of friends, is entitled to more words than dictated by his sense of propriety.

Let his associate in business say, then, that Mr. Carnes is a young man of more than usual promise—a man indeed, of achievement, which is better than promise. Unaided by aught except his own honest efforts and straightforward life, he is making his way in the world and making a name and building a character that bids fair to be rounded out in the fullest measure of usefulness and success. The Eagle force congratulate him.

The couple are at home at the residence of Mrs. W. H. Webb. Hearne is boring for artesian water and has reached a depth of 600 feet. This is something Bryan needs as much as oil.

CUBAN COMMISSION.

Delegates Reach Washington to Confer With the President.

Washington, April 24.—The commission of five delegates of the Cuban constitutional convention, consisting of Domingo Mondez Capote, Petro E. Bentancourt, Rafael M. Portuondo, Diego Tamayo and Pedro Gonzales l'Llorente, who were sent to Washington to confer with the president regarding Cuban relations with this country, arrived here early this morning together with an interpreter, and representatives of the Havana press. They were met at the station by Assistant Secretary of State Hill, Assistant Secretary of War Sanger, Captain Sawtelle and Lieutenant Overton of the United States army, detained for that purpose and who escorted them to the Shoreham. The delegates conversed with the reception committee through the interpreter though most of them could speak English very well.

General Wood, military governor of Cuba, also arrived and took apartments at the Richmond. He visited the war department and had a conference with Assistant Secretary Singer. He sent his secretary to call on the Cuban delegation to ascertain their desires for the day in order that he might be able to act as their escort, either to the White House or the war department.

General Wood has no direct information from General Whiteside regarding the reported troubles at Santiago, but before he left Cuba, he had been advised by General Whiteside that party strife was making some trouble in that municipality, and disorders might be anticipated during the spring elections in other sections of the island. After that, however, it is expected the usual tranquility on the island will be resumed.

MUST HAVE INDEPENDENCE
Cubans in Favor and Only Spaniards Oppose Says Portuondo.

Jacksonville, Fla., April 24.—The Cuban constitutional committee left here Tuesday for Washington. General Rafael Portuondo, one of the commission, defined Cuba's position as follows:

"Ninety-nine per cent of the Cuban people desire absolute independence. It is their wish that the military occupation by the United States come to an end at once."

"It may be said that a small element of Spaniards, from a purely commercial motive, would favor annexation, but the wish for independence is felt generally by many Cubans and Spaniards alike. Those Spaniards who favor annexation are not impelled by any love for the United States. They hate Americans but they seem to wish some sort of guarantee as to their property and business interests.

"Peace with the Americans without the independence of Cuba is impossible—I mean moral peace. I don't mean to say that in the event that independence is not granted war or revolution would follow, but there would be no sympathy, no friendliness between the people. We should not desire free trade with the United States if the independence of our country were established. We should require revenues to support our government and we would find it necessary to raise them by customs duty. What we would wish would be a specially devised system of tariff duties between the countries, making the rate as low as practicable and to the mutual advantage of both countries."

General Portuondo was caustic in his general criticism of Governor General Wood.

STRENGTH OF THE ARMY.

It Has Been Determined to Fix the Limit at Seventy-Six Thousand.

Washington, April 24.—It has been determined to increase the regular army to approximately 76,000 men and to leave it at that number unless conditions in the Philippines should make more troops necessary. The president and Secretary Root reached this conclusion Tuesday. The number of officers appointed will be as originally contemplated. The artillery corps will be increased to its fullest strength of 18,000 men. Some time ago it was announced that the companies of cavalry would contain 65 instead of 80 enlisted men and it is expected the infantry companies also will be reduced to bring the total to the figure agreed upon. It has not yet been determined what proportion of the troops shall be stationed in the Philippines, although it is known that a large force will be needed there for some time to come.

Demand His Resignation.

Pensacola, Fla., April 24.—The county board of instruction has demanded the resignation of C. H. Dye, principal of a public school. It is alleged Dye made himself obnoxious to the teachers and pupils by making insulting remarks about the southern cause when they were at work preparing a programme for the pupils to take part in the Confederate decoration day. He attempted to change the programme by substituting a song in accordance with his own sentiment. Dye is from Massachusetts.

Nothing Heard at Washington.

Washington, April 24.—Nothing is known here of the reported issue between Chaffee and Waldersee as to the possession of the gate of the Forbidden City now held by Americans.

Expelled from Russia.

London, April 24.—A special dispatch from Vienna says the czar has signed a decree expelling Count Tolstoi from Russia and that the decree has already been served.

MORE SURRENDERS.

The Commissary Fraud Investigation Is Proceeding at Manila.

Manila, April 24.—One hundred and fifteen officers and 2157 bolomen have surrendered and swore allegiance to the United States at Narvacan, province of South Illocos. The Americans are active throughout the archipelago accelerating surrenders.

The commissary investigation is progressing. Several important witnesses in the Reed case have left Manila. Barry Baldwin, T. Harris, Fred Maconay and H. Schindler, prominent merchants, supposed to be in possession of information concerning the money paid to commissary officers, are detained as witnesses under \$2500 bail. Other arrests will be made.

The trial of Captain James C. Ged, formerly depot commissary at Manila, who was arrested on the charge of participating in the commissary fraud, has been temporarily postponed.

Salas Gives Up.

Manila, April 24.—Major Noble of the adjutant general department of Visayas, has received the surrender of Quentin Salas and three of his officers. All the insurgents under Salas will surrender soon. It is claimed this will terminate the insurrection.

WRACKED BY ROBBERS.

Passenger Train Ditched, Resulting in One Death and Several Hurt.

San Antonio, April 24.—The south bound International and Great Northern passenger train was wrecked early this morning at Davenport by supposed robbers who threw a switch. Bloodhounds and officers are after them.

Engineer Pat Mohanan was mortally injured and Fireman F. W. Hicks, killed. Both were of San Antonio.

Mail Clerks C. A. Goeth, E. B. Stanley and E. L. Keylitch, all of San Antonio, and Miss M. Horan of Killeen, Tex., were bruised and cut.

A Determined Suicide.

Kewanee, Ill., April 24.—George Hall died here after four attempts to commit suicide within an hour. He first tried jumping in the cistern, then beating his head with an ax, then slashing his throat with a knife and finally by lying on the railroad track waiting for train to strike him. When he got out of bed he was followed by his wife, who gave the alarm in the neighborhood. He was unable to complete his work because of pursuit, but expired a few minutes after being caught. The doctors testified the injuries were not such as to cause death. He had been a hard drinker.

Speculative Fever.

Washington, April 24.—Great uneasiness is felt in treasury circles over the recklessness with which speculation has been going on for some time, and this feeling has certainly not been diminished by the necessity of closing three national banks last week and the discovery of five defalcations among bank officers and employees. In some of these cases the amount in default was not large, but the men concerned had unquestionably helped themselves to money not their own under the stress of temptation to make a fortune in a day as others were doing.

Rode On a Rail.

Tucson, A. T., April 24.—Sheriff Truman has received a letter from J. L. Fraser which states that 100 miners belonging to Globe union, rode William H. Beard, a member of the last legislature, out of camp on a rail for opposing the 8-hour law. Friends of Beard tried to interfere, but the miners were determined to show the feeling against the vote of Beard in the legislature.

Jail Delivery in Kentucky.

Richmond, Ky., April 24.—Four prisoners broke jail at Irvine near here, by forcing the combination lock of outer door. Joe McDowell, former cashier of the Estill Deposit bank, arrested at Kansas City, and now awaiting trial for embezzlement, refused to leave. None of the fugitives have been captured.

Said His Partner Shot Him.

Helena, Mont., April 24.—Charles Geis, the mine operator who was shot at Moreysville Thursday night, died in this city. Ten minutes before he died Geis declared that Mathew Hager, his partner, with whom he had a quarrel, deliberately shot him. Hager is under arrest.

New Yorkers at Houston.

Houston, April 24.—The visiting New York business men were shown the manufacturing industries of the city this morning and given a practical example of the use of Beaumont oil as fuel. They left for Galveston in the afternoon.

Sixty Outlaws Killed.

London, April 24.—News has reached here of a severe battle in the vicinity of Fort Darwin, Mashonaland, between the force of the Chartered police and natives from Chintsa, under the outlaw Mapondary. Sixty of the outlaws were killed.

Bresci Reported Mad.

Paris, April 24.—A dispatch to The Rappel from Rome says that Bresci, the assassin of King Humbert, has become mad in consequence of the ill treatment of his jailers.

Stillman-Rockefeller Wedding.

New York, April 24.—Isabel Goodwin Stillman, daughter of James Stillman, and Percy A. Rockefeller, son of William Rockefeller, were married at St. Bartholomew's church Tuesday.

Pleaded Guilty to Forgery.

Stephenville, Tex., April 24.—Arthur Stell, a farmer, pleaded guilty to two cases of forgery and was given two years in the penitentiary in each case.

Don't Get Angry.

We are sorry to state that there are now \$3000.00 in accounts due on our books. We have urgently requested those who are in arrears to come forward and settle without delay. We cannot run this plant on wind and water. It takes money to give the people the service.

Those in arrears must pay or we will be forced to cut off both lights and water. One dollar will be charged for cutting off and one dollar for turning on. Read the rules of the company and settle to avoid getting angry.

We owe debts and must pay them. Delinquents will have their lights and water cut off if not paid for by May 10, 1901. The last call; take notice and govern yourself accordingly. B. W. L. & P. Co.

A BIG BUSINESS ON A SMALL SCALE

Is one here. We serve a great number of customers with choice Roasts, Chops, Steaks, etc., but we don't keep a large quantity of meat on hand. We receive a fresh supply at frequent intervals and that is the reason everything is of such delicious flavor. The meats have not become tasteless through a long imprisonment in the ice box.

Beef, Veal, Mutton, Lamb, Pork and all game in season.

SOME BILLS VETOED.

Measures Which the Governor Would Not Approve.

MEASURES APPROVED

Among the Bills Disapproved Is the Measure Authorizing Health Boards for Unincorporated Towns of the State.

Austin, April 24.—The governor has vetoed house bill No. 78 to authorize the commissioners' court in any county in which an unincorporated town or village may be situated to designate the lines of such town or village and to appoint a board of health for such town. The reason of the veto is that there is an error in its caption.

The governor vetoed senate bill No. 63 and house bill No. 49. Senate bill No. 63 proposed the granting of relief to certain free school teachers who taught during the scholastic years 1895 and 1896 in Greer county, which was then considered a part of the state of Texas.

The following bills were also vetoed:

House bill No. 49 proposed the quieting of titles of lands located and surveyed by virtue of land certificates granted under the act of April 9, 1881, giving disabled Confederate soldiers a land certificate for 1280 acres of land.

House bill 198 and house bill 269. The first of these bills changes the quarantine law. It was vetoed because it would increase the expenses of the state department by over \$16,000 a year.

House bill 369 provides for a graded increase in the salaries of convict guards based upon length of service.

Governor Sayers approved the following bills:

An act relating to quarantine, regulating the establishment of quarantine, etc.

An act relating to the protection of fish, birds, game, etc.

An act providing for the establishment of an industrial school for white girls.

The bill to render a more effective and efficient road system for Jefferson and Bee counties became a law without the governor's signature.

Messer Out on Bond.

Tyler, Tex., April 24.—The inquest proceedings over the remains of Bud Spear, who was killed by Pick Messer, near here Sunday, were held Tuesday. Messer waived examining trial and bond placed at \$2000, which he made and was released.

Curfew Ordinance at Denton.

Denton, Tex., April 24.—The city council has passed a curfew ordinance, requiring all persons under the age of 16 years to be off the street by 9 o'clock. The central fire station will be rung at that hour to notify the youngsters that the time for going home has come.

Sold a Hired Horse.

Corsicana, Tex., April 24.—A stranger hired a horse and buggy from J. M. Miller's livery stable here and drove it to Wortham and sold it. The man was arrested.

Chief Kipley Resigns.

Chicago, April 24.—Chief of Police Kipley has handed in his resignation to Mayor Harrison. He called upon the mayor and asked him point blank if he was wanted for another term. The mayor told the chief that he had no intention of reappointing him. The chief then wrote out his resignation.

Lynchings in Tennessee.

Nashville, April 24.—A mob of 100 men forcibly entered the courthouse at Springfield, Tenn., Tuesday night, took Wyatt Mallory, a negro, from the officers guarding him and hanged him from the courthouse veranda. The negro killed a farmer two weeks ago.

Convention Movement Carried.

Montgomery, Ala., April 24.—The constitutional convention movement carried by about 30,000 majority. In some of the counties where the negro vote predominates the negroes aligned themselves with the Populists and defeated the Democratic nominees.

Will Be Brigadier Generals.

Washington, April 24.—It is officially announced that Colonel Henry Young Humbert, Colonel Thomas F. Barr and Lieutenant Colonel John W. Claus will be made brigadier generals before retiring.

Prefers Jail to Bail.

Wichita, Kas., April 24.—Mrs. Carrie Nation, Mrs. Lucy Wilhite, Mrs. Julia Evans and Mrs. Lydia Muntz, the four women who smashed two saloons here some months ago, have decided to rejet bail and go to jail.

Two Catholic Bishops.

Rome, April 24.—The propaganda has decided to propose to the pope that he appoint Very Rev. John J. O'Connor, vicar general and at present administrator of the diocese, bishop of New Market. The report is confirmed that Father O'Connell, president of the American college in Rome, has been selected as bishop of Portland, Me. His official nomination will be made known through the papal brief.

Farm Sold for \$440,000.

Beaumont, Tex., April 24.—The largest straight deal for land made in this county was closed up Tuesday when Leon and J. Viterbo sold their rice farm in this county for \$440,000 cash to Right, Blodgett & Co., of Saginaw, Mich., one of the largest concerns in the world.

AGAINST VENEZUELA.

Several Countries Will Not Accept Her Court Decisions.

Washington, April 24.—Three powers have already signified to Venezuela that they will not respect the decision of her courts, and that certain decrees issued by her executive are null and void. Two other powers are about to issue the same notice to her if they have not already issued it, and others are expected. In short, Venezuela is fast assuming the place of a pariah among nations.

The notice referred to has already been issued by the United States, Spain and Germany. Great Britain and Holland are the two nations which are about to issue it. The United States has gone further than the other powers, for in the case of the asphalt dispute she has served notice on Venezuela that she reserves the right to "review" the decisions of that country's courts."

The matter which has aroused these different nations to take this action, is totally unrelated to the asphalt dispute and relates to old grievances. The most striking thing about it is that there is absolutely no concert of action, as there has not been even a suggestion from one power to another and yet the five powers named are taking this course spontaneously.

SUIT FOR PRIZE MONEY.

Dewey and Other Officers After Their Part for Capturing Gunboats.

Washington, April 24.—The suit instituted by Admiral Dewey and other officers for prize money for the capture of vessels and naval stores at Manila has come up in the court of admiralty. The action is for the condemnation in prize of the captured vessels, viz: Don Juan de Austria, Isla de Cuba, Isla de Luzon, Manila, Rapido, Callao, and other property afloat, the naval stores in the Casio naval station and the captured cascos. The United States has admitted the general allegations of this libel, but called for proof of the details.

The answer of the government is a general denial that the claimed property with certain exceptions, is properly subject to condemnation as a prize. In the hearing the counsel for Admiral Dewey and his associate claimants contended that the court should decree to the captors one-half of the net proceeds of the property claimed. Charles C. Binney, special attorney for the government, opposed this claim.

Following the hearing in this case, the similar case instituted by Admiral Sampson and officers and enlisted men of the North Atlantic station for prize money of the Santiago fight will be heard.

FLOOD IN THE OHIO.

Water Did Not Come up to the Expected Height at Cincinnati.

Cincinnati, April 24.—The climax in the flood has been reached here with a stage of 56 feet. This is 6 feet above the danger line, for business sections and 11 feet above line where water enters tenement houses along the river front. The city is surrounded by backwater on the east and west, as along the south side, but it is estimated now that the stage of 58 feet will not be reached that the highest point has been reached and relief will soon follow.

The conditions on the Kentucky side are not changed and no damage there as well as on the other side is anticipated except in the suspension of work at some mills and factories and great inconvenience to some business.

Of course the relief in sight here clears everything for 480 miles up to Pittsburgh and river men say the lower Ohio valley will not suffer so much as tributaries below here are not as high as those in the upper valley.

SLAVES RELEASED.

The Emirs of Northern Nigeria Defeated by West African Troops.

London, April 24.—Brigadier General Sir Frederick Ludgard and Colonel Kembell with a force of West African frontier troops have completed a successful campaign against the powerful slave raiding emirs of Bida and Kontagora in northern Nigeria. The British defeated the emir of Kontagora after heavy fighting, 5000 natives charging the British square. The British captured the capitals of both Bida and Kontagora and released thousands of slaves. The emirs have been the terror of the country for years and have killed thousands of natives during the past year. They are now entirely powerless and this was brought about without the assistance of white troops.

Peace Rumors Again.

London, April 24.—Once again peace rumors are in the air. Mrs. Botha has been in correspondence with General Kitchener, and as a result it is believed that the British commander-in-chief has agreed to receive the three Boer generals, Botha, Delaroy and Villjoen, within the next few days. While nothing is definitely known, it is perhaps not without significance that the news should reach London from Amsterdam that Mr. Kruger is afraid that Mrs. Botha's efforts will cause her husband to surrender.

Delcassey's Visit to Russia.

London, April 24.—"I learn," says the St. Petersburg correspondent of The Daily mail, "that M. Delcassey came to St. Petersburg at the request of Emperor Nicholas to discuss the project of Russia and France jointly guaranteeing China's indemnity to the powers, thereby procuring a speedy settlement and evacuation of Pekin. This proposal was suggested to the czar by the emperor of China and Russia hopes by means of a guarantee to secure her aims in Manchuria."
